

## ADVANCED SIP SOLUTIONS TAILORED FOR HOSPITALITY

hSIP by GrayMatter Networks is a SIP service product tailored specifically for hotels. This service includes essential hosted features such as unlimited inbound and outbound dialing, a full 23 channel offering, 50 DID's, unlimited and automatic RCF, hosted voicemail, and hosted IVR.

## ADDRESSING INDUSTRY CHALLENGES

Hotels often face long-term, expensive contracts. GrayMatter Networks provides a 24-month contract with a 30-day cancellation clause, allowing hotels to cancel without penalties. At a competitive flat rate of \$350 per month (excluding telco taxes), we offer significant cost savings and potential discounts for corporate deals.

## EFFORTLESS HOTEL COMMUNICATION WITH THESE UNIQUE FEATURES

Discover the SIP service tailored for hotels, combining cost-efficiency, compliance, and reliability.

- Unlimited RCF and automatic RCF at no extra charge
- Hosted voicemail with voicemail to email at no extra charge
- Hosted IVR at no extra charge
- NG911 registration with unlimited extensions
- Full NG911 compatibility with PRI handoff (Requires PBX Programming)
- Compliance with Ray Baum's Act and Kari's Law

## LEADING SIP SERVICES FOR THE HOSPITALITY SECTOR

### TARGET AUDIENCE

Hotels seeking cost savings, NG911 compliance, and reliable backup features, which are often unaffordable with legacy products.

### SEAMLESS INTEGRATION

Compatible with both SIP-supported and legacy phone systems via PRI handoff.

### SUPPORT AND CUSTOMER SERVICE

24/7 monitoring and support through a stand-by NOC.

### PROVEN SUCCESS

Trusted by leading hotels like Virgin Hotels, Waldorf Astoria, 1 Hotels, Baccarat, Viceroy, Stay Pineapple, Hilton, and more

### COST SAVINGS

Hotels can expect a minimum of 50% savings compared to legacy contracts and 10-15% savings on new SIP offerings from competitors.

### RELIABILITY AND BACKUP

Our over-the-top service ensures backup processes during internet outages, keeping communication lines open.

### COMPLIANCE AND SECURITY

Ensures NG911, Ray Baum's Act, and Kari's Law compliance. Multi-layered security approach with geo-blocking, IP whitelisting, and intrusion detection.

### FLEXIBLE AND SCALABLE

Customizable channel offerings for smaller hotels and scalable solutions for larger chains.

### CONTINUOUS IMPROVEMENT

Regular customer feedback and strategic business reviews to enhance service quality.

### PROMOTIONAL OFFER

Sign up during or within 6 months of HITEC to enjoy a 25% reduction on monthly charges. Contact us today to discover more about hSIP by GrayMatter Networks!
