## SYNAPSE

Synapse by GrayMatter Networks is an analog replacement solution that provides a smooth transition from analog to IP-based LTE services. Our fully managed solution includes best-in-class Cradlepoint routers, industry leading ATAs, and a 12- hr battery backup - all in a ruggedized enclosure. When bundled with Cradlepoint and a major LTE carrier such as Verizon and AT&T, Synapse offers an enterprise class solution for all your mission-critical applications.
